

RECYCLING VICTORIES: 2015 Stats

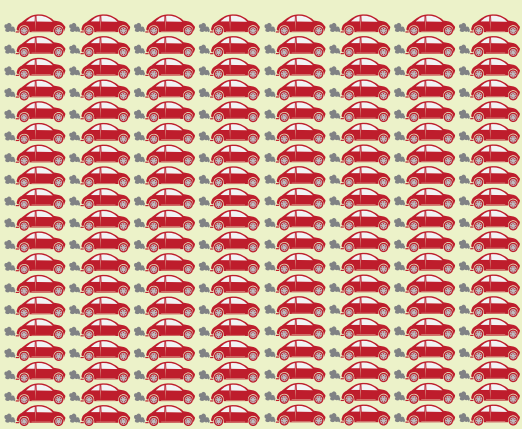

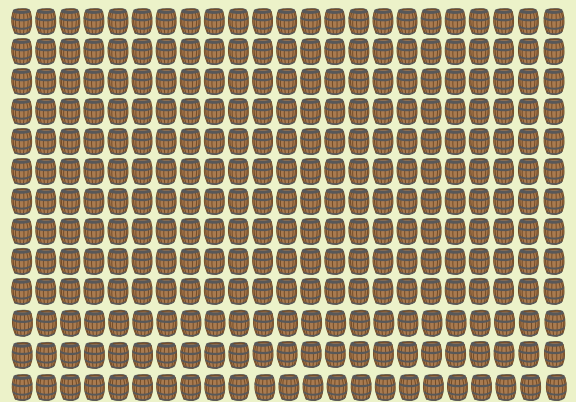

Since 2011, we've partnered with Reliable Industries to recycle over 94% of our brewery and restaurant waste. We also compost our organic waste, recycle our fryer oil into biofuel, and feed hungry local animals with our spent grain.

Since we made the switch from plastic to **COMPOSTABLE PAPER STRAWS** in our brewpubs, we have **DIVERTED ENOUGH STRAWS TO FILL 45 SCHOOL BUSES** from landfills each year.

We donated **500 LBS. OF PRODUCE** that we grew in our garden last year. That's what the average American consumes in their diet for **14.5 MONTHS, or 441 DAYS!**

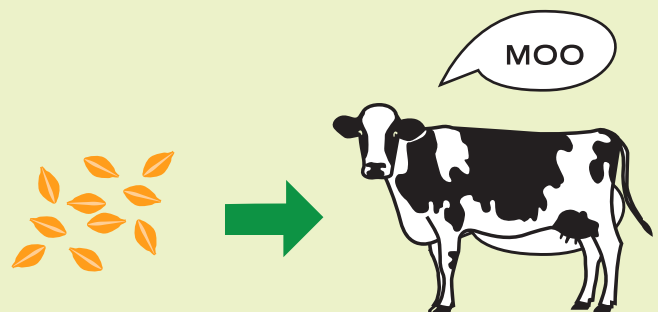

We recycled **30.8 TONS OF FRYER OIL** from our restaurants. That's enough oil to fill **300 BEER BARRELS.**

We composted **67.3 TONS OF ORGANIC WASTE**, which is the equivalent of **TAKING 153 CARS OFF THE ROAD.**

We sent **3,250 TONS OF SPENT GRAIN** to local farms this past year. That's enough to keep the bellies of **742 COWS FULL FOR AN ENTIRE YEAR!**

OTHER NOTABLE RECYCLING EFFORTS

Assorted Plastic: 5.3 TONS

Baled Film: 5.2 TONS

Chipboard: 5 TONS

Scrap Metal: 4.2 TONS

Kraft Bags: 2.8 TONS

Super Sacks (torn): 2.6 TONS

Aluminum Cans: 1.2 TONS

Tarps: 0.5 TONS

Super Sacks (whole): 1011
